<sup>1</sup> Team members outside the continental U.S. have one medical plan option.

<sup>2</sup> Preventive Care includes visits such as your annual physical, well woman exam, checkups for your dependent children and flu shots. Flu shots are available at your doctor or in-network pharmacy through Express Scripts for covered team members or on-site at some Grainger locations. Preventive care received from out-of-network providers is not covered under the HSA Silver and Gold Plans. Certain restrictions apply to out-of-network preventive care under the POS Platinum Plan.

<sup>3</sup> If you cover one or more dependents under the HSA Silver Plan or HSA Gold Plan, the family Annual Deductible / Annual Out-of-Pocket Maximum must be satisfied; individual limits do not apply.

<sup>4</sup> If not an emergency, benefits reduced to 50%.

<sup>5</sup> Grainger's medical plans cover: 100% of in-network preventive care services and 100% of preventive generic drugs (per health care reform), the plans also cover preventive maintenance generic drugs used to avoid acute episodes from chronic conditions at 100% under the Gold plan and with a \$5 copay under the Silver and Platinum plans, with no deductible.
